

Recurring Cost Acknowledgement Letter

For use with any dream that has or anticipates a recurring cost. Examples include, but are not limited to, pools, hot tubs, animals, etc.

Dear Parents/Guardians,

On behalf of The Dream Factory, we are very excited to provide a dream to your child. We realize that this is an exciting time for the entire family. It is an exciting time for us and our volunteers as well. The nature of the dream request is such that there will be recurring costs associated with the dream. Examples could be chemicals and maintenance related activities for the pools or hot tubs, food and veterinarian visits for animals as well as other unforeseen recurring costs. These are just a few of the potential recurring costs and are not meant to serve as an all-inclusive list.

Due to limited financial resources and our desire to provide dreams to as many ill children as possible, unfortunately The Dream Factory cannot incur any recurring cost as part of the dream. Once the dream is completed, all recurring costs are the responsibility of the family.

We appreciate your understanding of the long-term commitment to these recurring costs.
